

The World's Highest Standards In Railroad Wheel Sets

GPS

1. If you are using GPS to get here, you will almost certainly encounter problems when you enter our address. This is due to the fact that our address is actually a mailing address and not exactly a physical address.
2. ORX is located in Antis Township and not in the town of Tipton. You may want to try that for the city. Alternately, you could try Bellwood which is another town close by. I have seen both of these work with on different systems.
3. If you have a navigation system that allows you to enter coordinates, that will be the best way to ensure that you get accurate directions. Most aftermarket devices, like Garmin, will allow you to do this. Some factory installed OEM systems may not.
4. Our coordinates are shown below in three different formats. The first is decimal seconds. The second is decimal minutes. The third is decimal degrees.

N 40° 37' 52.3"
W 78° 18' 6.2"

N 40° 37.871'
W 78° 18.115'

N 40.63118°
W 78.30192°

5. Using the coordinates shown above will bring you right to our front door.

ORX • One Park Avenue • Tipton, Pennsylvania 16684
USA
